

Is your team looking for an edge over your competition?

Why not get that edge with a Private Coaching Session!!

Eastern Suburbs Touch Club (East's) is the best place to get that edge, they have **24 people who represented Australia or New Zealand** at the 2011 Touch World Cup in Scotland.

They are the **elite players of touch** and they play for East's at Queen's Park and are willing to come and coach your team and give you tips and advice specific for your team.

The coaches will provide your team with fundamentals for you and the team to become better players and ultimately win games and the grand final in your division.
